## **2. Applicable data**

For the purpose of this policy:

2.1. Personal data refers to information that relates to an identified or identifiable, living individual (Data Subject), including an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2.2. Sensitive personal data is defined in the GDPR as 'special categories of personal data', which includes the processing of personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person's sex life or sexual orientation.

2.3 Processing Data is referred to throughout the GDPR and data protection legislation. This means any use of the personal information. This includes collecting, disclosing, destroying, archiving and organising.

2.4 Data Subject is the person who the personal data is about. For example, the children named on a class register at a school are all data subjects of that register.

2.5 Data Controller is usually an organisation who dictates the reason and purpose for how data is processed. The School itself is a Data Controller as it chooses how it collects, uses and shares its own data.

2.6 The Information Commissioner's Office (ICO) is the regulator for Data Protection and Privacy law in the UK. They have the power to enforce on organisations for breaches of the Data Protection Act or the GDPR. This means they can issue: -

- An Undertaking which commits an organisation to improving their Data Protection practices.
- An Enforcement Notice ordering that an organisation does something specific e.g. train all staff to a high standard.
- A Monetary Penalty for serious and significant breaches. Under the General Data Protection Regulation this can be up to €20 Million or 4% of a company's global turnover.

This policy applies to both automated personal data and to manual filing systems.

### **3. Principles**

3.1. In accordance with the requirements outlined in the GDPR, personal data will be:

1. Processed Fairly, Lawfully and Transparently
2. Processed for a Specified and Legitimate Purpose
3. Adequate, Relevant and limited to what is relevant
4. Accurate and up to date
5. Kept no longer than necessary
6. Stored securely using technical and organisational measures

3.2. The GDPR also requires that "the controller (the school) shall be responsible for, and able to demonstrate, compliance with the principles".

### **4. Accountability**

4.1. Whitby Heath Primary School will implement appropriate technical and organisational measures to demonstrate that data is processed in line with the principles set out in the GDPR. This can take a variety of forms. Examples of technical and organisational measures can be found below.

4.5. Whitby Heath Primary School will implement measures that meet the principles of data protection, continuously creating and improving security features.

4.6. Whitby Heath Primary School will produce Data Protection Impact Assessments where the processing of personal data is likely to result in a high risk to the rights of the individual, where a major project requires the processing of personal data or before the introduction of new technology or a significant change to the way processing is performed.

5.3. Whitby Heath Primary School will make freely available the contact details for their appointed DPO:

5.4. The DPO will operate independently, their role being to:

Whitby Heath Primary School

- monitor the school's compliance with GDPR, advising on internal data protection activities such as training for staff, the need for data protection impact assessments and conducting internal audits.
- act as the first point of contact with the Information Commissioner's Office and for individuals whose data the school processes.

5.6 Advice offered by the DPO will only be declined at the direction of the Head and/or Governing body and will be provided to the DPO in writing.

## **6. Lawful processing**

6.1. The legal basis for processing data will be identified and documented prior to data being processed. The school will always make it clear the basis on which personal data is processed.

6.2. Whitby Heath Primary School will ensure that, where it processes personal data it will be lawfully processed under one of the following conditions:

- Compliance with a legal obligation.
- The performance of a task carried out in the public interest or in the exercise of official authority vested in the controller.
- For the performance of a contract with the data subject or to take steps to enter into a contract.
- Protecting the vital interests of a data subject or another person.
- For the purposes of legitimate interests pursued by the controller or a third party, except where such interests are overridden by the interests, rights or freedoms of the data subject.

6.3. In addition, Whitby Heath Primary School will ensure that the processing of sensitive data will only be processed under the following conditions:

- Explicit consent of the data subject unless reliance on consent is prohibited by EU or Member State law.
- Carrying out obligations under employment, social security or social protection law, or a collective agreement.
- Protecting the vital interests of a data subject or another individual here the data subject is physically or legally incapable of giving consent.
- Processing carried out by a not-for-profit body with a political, philosophical, religious or trade union aim provided the processing relates only to members or former members (or those who have regular contact with it in connection with those purposes) and provided there is no disclosure to a third party without consent.
- Processing relates to personal data manifestly made public by the data subject.
- Processing is necessary for the establishment, exercise or defence of legal claims
- Processing is necessary for reasons of substantial public interest, on the basis of Union or Member state law, with full regard for the rights and interests of the data subject.
- Processing is necessary for the purposes of preventive or occupational medicine, for example, the assessment of the working capacity of the employee

- Processing is necessary for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes

## **7. Consent**

7.1. Where there is no other legal basis for the processing of data Whitby Heath Primary School may rely on the consent of individuals, both parents and pupils, in seeking consent.

7.1. Where used, consent must be a positive indication. It cannot be inferred from silence, inactivity or pre-ticked boxes.

7.2. Consent will only be accepted where it is freely given, specific, informed and an unambiguous indication of the individual's wishes.

7.3. Where consent is given, a record will be kept documenting how and when consent was given.

7.4. Consent can be withdrawn by the individual at any time.

7.5. The consent of parents will be sought prior to the processing of a child's data under the age of 12 except where the processing is related to preventative or counselling services offered directly to a child.

## **8. The right to be informed**

8.1. The privacy notice supplied to individuals in regard to the processing of their personal data will be written in clear, plain language, which is concise, transparent, easily accessible and free of charge.

8.2. If services are offered directly to a child, the school will ensure that the privacy notice is written in a clear, plain manner that the child will understand.

8.3. In relation to data obtained both directly from the data subject and not obtained directly from the data subject, the following information will be supplied within the privacy notice:

- The identity and contact details of the controller, and where applicable, the controller's representative and the DPO.
- The purpose of, and the legal basis for, processing the data.
- Any legitimate interests of the controller or third party.
- Any recipient or categories of recipients of the personal data.
- Details of transfers to third countries and the safeguards in place.
- The retention period of criteria used to determine the retention period.
- The existence of the data subject's rights, including the right to:
  - Withdraw consent at any time.
  - Lodge a complaint with a supervisory authority.

8.4. Where data is obtained directly from the data subject, information regarding whether the provision of personal data is part of a statutory or contractual requirement and the details of the categories of personal data, as well as any possible consequences of failing to provide the personal data, will be provided.

## **9. The right of access**

9.1. Individuals have the right to obtain confirmation that their data is being processed.

9.2. Individuals have the right to submit a subject access request (SAR) to gain access to their personal data in order to verify the lawfulness of the processing. A form for requesting information is available at the bottom of this policy in Appendix 1

9.3. Whitby Heath Primary School will verify the identity of the person making the request before any information is supplied as well as confirming the subject of the request and the right to make such a request (see 9.12. and 9.13)

9.4. A copy of the information will be supplied to the individual free of charge; however, the school may impose a 'reasonable fee' to comply with requests for further copies of the same information.

9.5. Where a SAR has been made electronically, the information will be provided in a commonly used electronic format.

9.6. Where a request is manifestly unfounded, excessive or repetitive, a reasonable fee may be charged.

9.7. All fees will be based on the administrative cost of providing the information.

9.8. All requests will be responded to without delay and at the latest, within one month of receipt. Where a request is received and identified, the request will be responded to by the corresponding date in the next month.

9.9. In the event of numerous or complex requests, the period of compliance may be extended by a further two months. The individual will be informed of this extension, and will receive an explanation of why the extension is necessary, within one month of the receipt of the request.

9.10. Where a request is manifestly unfounded or excessive, the school holds the right to refuse to respond to the request. The individual will be informed of this decision and the reasoning behind it, as well as their right to complain to the supervisory authority and to a judicial remedy, within one month of the refusal.

9.11. In the event that a large quantity of information is being processed about an individual, the school may ask the individual to specify the information the request is in relation to.

9.12. A parent or guardian does not have an automatic right to information held about their child. The right belongs to the child and the parent(s) acts on their behalf, where they have parental responsibility for the child. In England the age at which a child reaches sufficient maturity to exercise their own right to access their information is normally 12, but this may vary amongst individuals. Once a child reaches sufficient maturity, the parent may only act with their child's consent.

9.13. The school will clearly communicate and promote the process for the submission of Subject Access Requests and the exercising of other individual rights as defined under the GDPR during holiday periods, stating clearly how the school will handle these requests.

9.14 SARs will be recorded using the Subject Access Request Record – Appendix 2.

## **10. The right to rectification**

10.1. Individuals are entitled to have any inaccurate or incomplete personal data rectified.

10.2. Where appropriate, the school will inform the individual about the third parties that the data has been disclosed to.

10.3. Where the personal data in question has been disclosed to third parties, the school will inform them of the rectification where possible.

10.4. Requests for rectification will be responded to within one month; this will be extended by two months where the request for rectification is complex and where it is agreed with the Data Protection Officer.

10.5. Where no action is being taken in response to a request for rectification, the school will explain the reason for this to the individual, and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

## **11. The right to erasure**

11.1. Individuals hold the right to request the deletion or removal of personal data where there is no compelling reason for its continued processing.

11.2. The right to erasure is not absolute. Individuals have the right to erasure in the following circumstances:

- Where the personal data is no longer necessary in relation to the purpose for which it was originally collected/processed
- When the individual withdraws their consent
- When the individual objects to the processing and there is no overriding legitimate interest for continuing the processing
- The personal data was unlawfully processed
- The personal data is required to be erased in order to comply with a legal obligation

11.3. Whitby Heath Primary School has the right to refuse a request for erasure where the personal data is being processed for the following reasons:

- To exercise the right of freedom of expression and information
- To comply with a legal obligation for the performance of a public interest task or exercise of official authority
- For public health purposes in the public interest
- For archiving purposes in the public interest, scientific research, historical research or statistical purposes
- The exercise or defence of legal claims

11.4. As a child may not fully understand the risks involved in the processing of data when consent is obtained, special attention will be given to existing situations where a child has given consent to processing and they later request erasure of the data, regardless of age at the time of the request.

11.5. Where personal data has been disclosed to third parties, they will be informed about the erasure of the personal data, unless it is impossible or involves disproportionate effort to do so.

11.6. Where personal data has been made public within an online environment, the school will inform other organisations who process the personal data to erase links to and copies of the personal data in question where possible.

## **12. The right to restrict processing**

12.1. Individuals have the right to block or suppress the school's processing of personal data in certain circumstances.

12.2. In the event that processing is restricted, the school will store the personal data, but not further process it, guaranteeing that just enough information about the individual has been retained to ensure that the restriction is respected in future.

12.3. Whitby Heath Primary School will restrict the processing of personal data in the following circumstances:

- Where an individual contests the accuracy of the personal data, processing will be restricted until the school has verified the accuracy of the data
- Where an individual has objected to the processing and the school is considering whether their legitimate grounds override those of the individual
- Where processing is unlawful and the individual opposes erasure and requests restriction instead
- Where the school no longer needs the personal data but the individual requires the data to establish, exercise or defend a legal claim

12.4. If the personal data in question has been disclosed to third parties, the school will inform them about the restriction on the processing of the personal data, unless it is impossible or involves disproportionate effort to do so.

12.5. The school will inform individuals when a restriction on processing has been lifted.

### **13. The right to data portability**

13.1. Individuals have the right to obtain and reuse their personal data for their own purposes across different services.

13.2. Personal data can be easily moved, copied or transferred from one IT environment to another in a safe and secure manner, without hindrance to usability.

13.3. The right to data portability only applies in the following cases:

- To personal data that an individual has provided to a the school
- Where the processing is based on the individual's consent or for the performance of a contract
- When processing is carried out by automated means

13.4. Personal data will be provided in a structured, commonly used and machine-readable form.

13.5. Whitby Heath Primary School will provide the information free of charge.

13.6. Where feasible, data will be transmitted directly to another organisation at the request of the individual.

13.7. Whitby Heath Primary School is not obligated to adopt or maintain processing systems which are technically compatible with other organisations.

13.8. In the event that the personal data concerns more than one individual, the school will consider whether providing the information would prejudice the rights of any other individual.

13.9. Whitby Heath Primary School will respond to any requests for portability within one month.

13.10. Where the request is complex, or a number of requests have been received, the timeframe can be extended by two months, ensuring that the individual is informed of the extension and the reasoning behind it within one month of the receipt of the request.

13.11. Where no action is being taken in response to a request, the school will, without delay and at the latest within one month, explain to the individual the reason for this and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

#### **14. The right to object**

14.1. Whitby Heath Primary School will inform individuals of their right to object at the first point of communication, and this information will be outlined in the privacy notice and explicitly brought to the attention of the data subject, ensuring that it is presented clearly and separately from any other information.

14.2. Individuals have the right to object to the following:

- Processing based on legitimate interests or the performance of a task in the public interest
- Direct marketing undertaken by or on behalf of the school
- Processing for purposes of scientific or historical research and statistics.

14.3. Where personal data is processed for the performance of a legal task or legitimate interests:

- An individual's grounds for objecting must relate to his or her particular situation.
- The school will stop processing the individual's personal data unless the processing is for the establishment, exercise or defence of legal claims, or, where the school can demonstrate compelling legitimate grounds for the processing, which override the interests, rights and freedoms of the individual.

14.4. Where personal data is processed for direct marketing purposes:

- The school will stop processing personal data for direct marketing purposes as soon as an objection is received.
- The school cannot refuse an individual's objection regarding data that is being processed for direct marketing purposes.

14.5. Where personal data is processed for research purposes:

- The individual must have grounds relating to their particular situation in order to exercise their right to object.
- Where the processing of personal data is necessary for the performance of a public interest task, the school is not required to comply with an objection to the processing of the data.

14.6. Where the processing activity is outlined above, but is carried out online, the school will offer a method for individuals to object online.

#### **15. Privacy by design and Data Protection Impact Assessments**

15.1. Whitby Heath Primary School will act in accordance with the GDPR by adopting a privacy by design approach and implementing technical and organisational measures which demonstrate how the school has considered and integrated data protection into processing activities.

15.2. Data Protection Impact Assessments (DPIAs) will be used to identify the most effective method of complying with the school's data protection obligations and meeting individuals' expectations of privacy.

15.3. DPIAs will allow the school to identify and resolve problems at an early stage, thus reducing associated costs and preventing damage from being caused to the school's reputation which might otherwise occur.

15.4. A DPIA will be used when using new technologies or when the processing is likely to result in a high risk to the rights and freedoms of individuals.

15.5. A DPIA may be used for more than one project, where necessary and where the aims and conditions of the project are the same.

15.6. Whitby Heath Primary School will ensure that all DPIAs include the following information:

- A description of the processing operations and the purposes
- An assessment of the necessity and proportionality of the processing in relation to the purpose
- An outline of the risks to individuals
- The measures implemented in order to address risk

15.7. Where a DPIA indicates high risk data processing, the school will consult the ICO to seek its opinion as to whether the processing operation complies with the GDPR.

## **16. Data Processors**

16.1 Whitby Heath Primary School will ensure that whenever it employs or utilises a data processor a written contract will be in place.

16.2. Any contract will include, as a minimum, specific terms under which processing is allowed and will document:

- only act on the written instructions of the controller;
- ensure that people processing the data are subject to a duty of confidence;
- take appropriate measures to ensure the security of processing;
- only engage sub-processors with the prior consent of the controller and under a written contract;
- assist the controller in providing subject access and allowing data subjects to exercise their rights under the GDPR;
- assist the controller in meeting its GDPR obligations in relation to the security of processing, the notification of personal data breaches and data protection impact assessments;
- delete or return all personal data to the controller as requested at the end of the contract; and
- submit to audits and inspections, provide the controller with whatever information it needs to ensure that they are both meeting their Article 28 obligations, and tell the controller immediately if it is asked to do something infringing the GDPR or other data protection law of the EU or a member state.

16.3. Where appropriate, and if and when supplied by the Information Commissioner's Office, standard clauses may be supplemented.

16.4. Any contract will clearly identify the responsibilities and liabilities of data processors in relation to:

- not to use a sub-processor without the prior written authorisation of the data controller;
- to co-operate with supervisory authorities (such as the ICO);

Whitby Heath Primary School

- to ensure the security of its processing;
- to keep records of processing activities;
- to notify any personal data breaches to the data controller;
- to employ a data protection officer; and
- to appoint (in writing) a representative within the European Union if needed.

16.5. Where a processor fails in these obligations or acts outside of the direct instructions of the school, appropriate action will be taken.

## **17. Data breaches**

17.1. The term 'personal data breach' refers to a breach of security which has led to the destruction, loss, alteration, unauthorised disclosure of, or access to, personal data.

17.2. Whitby Heath Primary School will ensure that all staff members are made aware of, and understand, what constitutes a data breach as part of their continuous development training.

17.3. Where a breach is likely to result in a risk to the rights and freedoms of individuals, the relevant supervisory authority will be informed.

17.4. All notifiable breaches will be reported to the relevant supervisory authority within 72 hours of the school becoming aware of it by the school's Data Protection Officer.

17.5. The risk of the breach having a detrimental effect on the individual, and the need to notify the relevant supervisory authority, will be assessed on a case-by-case basis.

17.6. In the event that a breach is likely to result in a high risk to the rights and freedoms of an individual, the school will notify those concerned directly.

17.7. A 'high risk' breach means that the threshold for notifying the individual is higher than that for notifying the relevant supervisory authority.

17.8. In the event that a breach is sufficiently serious, the public will be notified without undue delay.

17.9. Effective and robust breach detection, investigation and internal reporting procedures are in place at the school, which facilitate decision-making in relation to whether the relevant supervisory authority or the public need to be notified.

17.10. Within a breach notification, the following information will be outlined:

- The nature of the personal data breach, including the categories and approximate number of individuals and records concerned
- The name and contact details of the DPO
- An explanation of the likely consequences of the personal data breach
- A description of the proposed measures to be taken to deal with the personal data breach
- Where appropriate, a description of the measures taken to mitigate any possible adverse effects

17.11. Failure to report a breach when required to do so will be a breach of school policy and an additional breach of the GDPR.

## **18. Data security**

18.1. Confidential paper records will be kept in a locked filing cabinet, drawer or safe, with restricted access.

18.2. Confidential paper records will not be left unattended or in clear view anywhere with general access.

18.3. Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed up off-site.

18.4. Where data is saved on removable storage or a portable device, the device will be kept in a locked filing cabinet, drawer or safe when not in use.

18.5. Memory sticks will not be used to hold personal information unless they are password-protected and fully encrypted.

18.6. Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft.

18.7. All necessary members of staff are provided with their own secure login and password.

18.8. Emails containing sensitive or confidential information are password-protected if there are unsecure servers between the sender and the recipient.

18.9. Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.

18.10. When sending confidential information by fax, staff will always check that the recipient is correct before sending.

18.11. Where personal information that could be considered private or confidential is taken off the premises, either in electronic or paper format, staff will take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises accepts full responsibility for the security of the data.

18.12. Before sharing data, all staff members will ensure:

- They are allowed to share it.
- That adequate security is in place to protect it.
- Who will receive the data has been outlined in a privacy notice.

18.13. Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.

18.14. The physical security of the school's buildings and storage systems, and access to them, is reviewed on an annual basis. If an increased risk in vandalism/burglary/theft is identified, extra measures to secure data storage will be put in place.

18.15. Any unauthorised disclosure or personal or sensitive information may result in disciplinary action.

## **19. Publication of information**

20.1 Requests for access to CCTV are covered in both the CCTV policy, for general requests, and the Information Rights Policy, for Subject Access Requests.

## **21. Data retention**

21.1. Data will not be kept for longer than is necessary in line with the schools Record Management Policy.

21.2. Unrequired data will be deleted as soon as practicable.

21.3. Some educational records relating to former pupils or employees of the school may be kept for an extended period for legal reasons, but also to enable the provision of references or academic transcripts.

**Please Note:** A parent or guardian does not have an automatic right to information held about their child. The right belongs to the child and the parent(s) acts on their behalf, where they have parental responsibility for the child. In England the age at which a child reaches sufficient maturity to exercise their own right to access their information is normally 13, but this may vary amongst individuals. Once a child reaches sufficient maturity, the parent may only act with their child's consent.

Where a child is over 13 and a request is made on their behalf, we may contact them separately to seek their signed consent for someone to access their records on their behalf. When deciding whether information about a child can be released, consideration is also given to the best interests of the child.

Please refer to the school's Information Rights Policy for further information.

In certain circumstances, where disclosure would adversely affect the rights and freedoms of others, we may not be able to disclose the information to you, in which case you will be informed promptly and given full reasons for that decision.

While in most cases we will be happy to provide you with copies of the information you request, we nevertheless reserve the right, not to provide you with copies of information requested if to do so would take "disproportionate effort", or may charge a fee or refuse the request if it is considered to be "manifestly unfounded or excessive".
