

Disabled Parking Facilities

There are 3 options we have provided for members of staff and /or visitors to the school who may require disabled parking facilities. The availability of these designated areas is dependent on the number of visitors or staff who may require the facility on a day to day basis, and as such bays cannot be reserved.

Option 1: Wyedale Car Park by the Main Office: - This car park has a designated bay painted on the floor. There is all day access to the car park throughout the day.

Option 2: Clydesdale Kitchen Car Park: - This car park has a designated bay indicated by a blue disabled sign. The gates to this area are unlocked in the morning until approximately 9:05am after which time they are locked. These are unlocked at the end of the school day at approximately 2:45pm. To support access onto the playground the inner playground gates are also unlocked (but kept closed to, prevent children leaving school through the car park at the end of the day). The inner gates will be locked again at approximately 3:10pm to ensure the safety of the children attending the out of school club on the playground.

Option 3: Clydesdale Foundation Area Car Park: This car park has a designated bay indicated by a blue disabled sign. The gates to this area are unlocked in the morning until approximately 9:05am after which time they are locked. These are unlocked at the end of the school day at approximately 2:55pm. This is the least accessible as the area at the beginning and end of day is also a designated area for parents of Foundation children to drop off and collect their child from class. As such great care should be taken if driving in the gates at this time.
